Out Of The Shadow!

That's what it feels like. In 2023 we have come of out the COVID shadow. Many people have said "It's beginning to feel normal again" How about you?

We have served the most campers in 2023 since the 2020 COVID shutdowns. We have seen more guest ministry groups use our campus. Our Cozy Cottages have been very active too. However, the stressed economy has placed a burden upon our donors. We are experiencing a \$45,000 decrease in gift income compared to 2022. This hurts!

We also had the highest number of scholarship requests ever. We issued nearly \$10,000 in scholarships to families who desired to send their children to Camp Shipshewana.

Prices have increased in many sectors of life. Even McCormick Creek Gold Club needed to increase their fees for this event by 20%. Our operating budget has been stressed in the areas of food, utilities, insurance, and staff payroll.

When expenses go up and gifts are reduced, we have little monies left to perform capital improvements and care for emergency repairs.

Our current list of projects include;

- * Complete the acquisition of the East Campus*
- *Complete the Retreat Haus exterior renovation*
- *Install a Walk-in Freezer*
- *Replenish the Scholarship Fund*

Please consider a generous sponsorship (gift) to the Brethren Retreat at Shipshewana Lake.

Thank you,

Rick Miller

*Executive Director
